Place the adaptor this way around and then push the pins into the frame.

Wall Mount Instructions

Millennium Falcon – (75389, 75257 & 75105)

75257 Instructions

Insert the adaptor piece into the centre of the underside of the ship. Note you will need to remove the turret and ball joint element for the 75257 falcon variant. *Technic pin from the spare 75257 pieces.

MIST-PRINTS

Wall Mount Instructions Millennium Falcon – (75389, 75257 & 75105)

75105 instructions

Remove these pieces from the bottom of your set

Then re-attach the 2x6 plate as shown

Use the two pins removed previously plus two pins from the bag in the wall mount kit

Wall Mount Instructions

Millennium Falcon – (75389, 75257 & 75105)

Can be rotated about 8 different angles and then inserted into the slotted plate

Apply command strip to the cleat. Then secure this to the wall this way up. Finally slid the minifigure mount onto the cleat.
